

REPORT ON MULTIPLIER EVENT

Multiplier Event No 6.: Innovative education for sustainable development in peripheral rural areas

Receiving organisation: **University Josip Juraj Strossmayer Osijek**

Dates of the event: **01/June/2022**

The ME completion report should address the following points

- *the description of the Multiplier events*

A rural conference “Innovative education for sustainable development in peripheral rural areas” was held in Osijek-Croatia as a day-long event.

The conference brought together scientists/researchers from different organizations, representatives of advisory and administrative organizations, owners of agricultural farms, representatives of civil organizations, students and others.

- *the intellectual outputs covered*

The conference included: discussion on the needs of local actors, presentation of the results of the RUR'UP project, discussion on the possibility of using innovative tools and methods for distance learning, reflection by students-participants of the RUR'UP project on what they have learned, panel discussion about of innovations important for the development of peripheral rural areas through examples of implemented Croatian projects, a study trip informing about the outputs of implemented EU projects in Kopački rit - a peripheral rural area of eastern Croatia. The conference was accompanied by a mini fair of family farms.

- *the leading and participating organisations,*

University Josip Juraj Strossmayer Osijek, Faculty of Agrobiotechnical Sciences Osijek

- *the venue of the meeting*

Faculty of Agrobiotechnical Sciences Osijek, (Aula Magna 2nd floor) Vladimira Preloga 1, Osijek, HR-31000 and MS Teams platform

- *the numbers of local and international participant*

- 40 participants (2 foreign participants) from different organizations and 33 students

Innovative education for sustainable development in peripheral rural areas
